

TASC District III 2017 Leadership Forum

Monday, November 13, 2017

11:00 am – 1:00 pm*

Grapevine Convention Center

1209 South Main Street

Grapevine, Texas 76051

Do you have an interest in helping student leaders develop their voice and have opportunities to work alongside school and community leaders to make a positive impact in their schools and communities? Would you like to have an open discussion about Student Council support and benefits for all stakeholders?

The Texas Association of Student Council's District III is comprised of high schools across the DFW Metroplex. We are pleased to announce the introduction of a new program designed to connect school and community leaders with Student Council leaders! We are hoping to have student council presidents, student council advisors, principals, superintendents, school board members, government officials, and anyone else with an interest in making our schools and communities better attend the 2017 Leadership Forum. The event is planned to be both unique and exciting where participants will hear directly from student leaders who will describe and discuss the passions and goals they have with regard to leadership. A panel of school and student leaders will answer questions and share insights on the value of the development of student leaders. Later in the program, all will have the opportunity to participate in small group table discussions focused on current issues affecting schools and communities, then set goals on ways all stakeholders can work together to positively impact those issues.
